The Look And Learn Series

(6 x 30)

The award-winning interactive adventures in learning series for Ages 3-7.

Alphabet Soup: Learn The Letters – Meet Professor Wise Old Owl as he takes us to the Letter Laboratory to cook up all the letters of the alphabet into a steaming giant bowl of Alphabet Soup. A lively sing-a-long, "The Alphabet Song," uses flying pictures and flipping words to help reinforce and retain this new knowledge.

Soup Stories: How Letters Become Words - Children learn over 200 new words while enjoying six entertaining new stories told by our friend Professor Wise Old Owl. The road to developing excellent reading skills continues with these heart-warming special Look and Learn Soup Stories, designed to teach word recognition, enhance vocabulary and reinforce positive values.

Hello Numbers: Learn To Count - Agent 07734 (upside down, that's HELLO) from ANNNND (America's Necessary Numbers and Needed Numerals Department) makes learning numbers easy and fun. With interactive games, songs and count-a-longs, Hello Numbers teaches his Video Pal to count from 1 to 10, and by 10s to 100. *"Superior in conveying true mathematical concepts rather than merely teaching counting by repetition."* – Video Rating Guide For Libraries

It's A Plus: Learn To Add – Learn to add with Agent 07734, the little robot programmed to make numbers fun for everyone. Turn his number upside down and read his name ...HELLO. Filled with song and rhymes, an added bonus is learning to use the Hello Numbers Add-A-Long Machine (a calculator). Sing about the PLUS sign, watch the EQUAL sign dance, and learn to add. It's a truly interactive Add-A-Long Adventure in Learning.

Bear Dreams: Learn To Read - Learn to read and play word recognition games with Kool Kat, as he reads two tales about the lovable Barefoot Bear and his friends. In one story, Barefoot Bear dreams about taking a trip to the moon where he learns an important lesson about friendship and life. In another, he dreams that he's done a good deed when he saves a Princess from a terrible dragon. After each story, Kool Kat re-reads it at a slow Read-A-Long pace. Designed to reinforce word recognition, the story words appear at the bottom of the screen and change color as Kool Kat reads.

Bear Friends: Learn To Read - Kool Kat teaches his Pal to read and improve word recognition skills with more stories about Barefoot Bear and his friends. First, Barefoot Bear discovers that the ice cream factory is on fire. Saving the day, Barefoot puts out the fire and gets a sweet reward. In the next story, Barefoot plays baseball, hitting a home run to win the big game! These stories emphasize friendship and self-esteem, as well as encouraging positive character development. After each story, Kool Kat re-reads it at a slow Read-A-Long pace. To reinforce reading skills, the story words appear at the bottom of the screen and change color, as Kool Kat reads.

Hargrove Entertainment is an international distribution and production company supplying programming to the theatrical, television, video, educational and new media markets worldwide.
